

### Rules for new AFOS members and login procedures

You will need to update your personal data in the —**Update Profile** section to include the permanent User Name and Password that you wish to use. To **Log On**, you will need to use the temporary User Name and Password that I have printed above your dues balances on the mailing label. Please note that each member has the ability if they wish, to enter text and/or a photo in **Update Profile** that can only be viewed by other members. This is strictly voluntary — only other AFOS members will have access to the directory — This is a new feature that allows our membership to stay —in touch with other members particularly for Life members.

Instruction as follows:

1. Login with default username/password
2. Click “update profile”
3. Enter address, phone numbers, new username, and new password.
4. Hit button “update profile”
5. You now have access to the latest newsletters and now in touch with other AFOS members!!
